

1st MEDITERRANEAN SYMPOSIUM ON LIFE CYCLE ASSESSMENT

(MeSyLCA 2019)

MeSyLCA 2019 is a joint event organised by the Spanish Network for Life Cycle Assessment “esLCA” and the Italian LCA Network Association within the broader framework of ANQUE ICCE 2019. The main goal is to contribute to consolidating and advancing life cycle thinking across all sectors (food, water, energy, buildings, etc.), with focus on –but not limited to– LCA actors in Mediterranean countries.

Place and date: Santander (Spain), 19 June 2019

Organising committee:

- Sara González-García (University of Santiago de Compostela / Spanish Network for Life Cycle Assessment esLCA, Spain)
- Diego Iribarren (IMDEA Energy / Spanish Network for Life Cycle Assessment esLCA, Spain)
- Maurizio Cellura (University of Palermo / Italian LCA Network Association, Italy)

Scientific committee:

Chairs:

- Diego Iribarren (IMDEA Energy / Spanish Network for Life Cycle Assessment esLCA, Spain)
- Sara González-García (University of Santiago de Compostela / Spanish Network for Life Cycle Assessment esLCA, Spain)
